

# MONOCOAT RENEW

## DESCRIPTION:

**Rubio Monocoat Renew** is a ready-to-use revitalizing treatment oil that refreshes, restores and protects surfaces treated with **Monocoat Oil Plus and 2C**. **Renew** is used when the surface feels and looks dry or rough in areas where the finish has worn due to heavy traffic. Maintenance with **Renew** will replace the oil that has worn away and add protection to that area. When the color of the surface needs to be restored, we recommend a rejuvenation treatment with **Monocoat Oil Plus or 2C**, using the corresponding color of the treated surface.

## INSTRUCTIONS:

- \* Sweep or vacuum the floor.
- \* Apply **Monocoat Renew** on to the surface to be treated with a cloth or a buffer with a white pad. Use a minimal amount of the product to prevent the floor from becoming sticky.
- \* Allow the product to react for five minutes.
- \* Wipe the surface dry with a cloth, paper towel, or a cloth under a buffer with a white pad. Polish until the surface feels completely dry.
- \* Work in zones that can be fully wiped dry within 15 to 20 minutes.
- \* The surface can be walked on after 4 to 6 hours.
- \* Renew will be completely cured in 6 days.

**The product may NOT be diluted!**

**Cloths, saturated with oil, may spontaneously combust.**

**After usage, they need to be soaked in water before disposal.**

## COVERAGE:

1 liter = +/- 1,000 sq. ft.

.5 liter = +/- 500 sq. ft.

## TECHNICAL SPECIFICATIONS:

Oil

Unit weight: +/- 0,90

Color: opaque

Odor: specific

## STORAGE:

Store in dry conditions and in the original packaging.

## PACKAGING:

Available in 0.5 and 1 liter cans.
